To whom it may concern,

Kiwi Community Assistance (KCA) has been working with the Home of Compassion Soup Kitchen for almost 10 years now.

We do two pick-ups on a weekly basis, and they are our main source of meat. They have been a huge support during the ongoing Covid-19 pandemic. As well as food KCA also provide other essential items such as clothes and blankets which we provide to our guests, as well as heaters during these winter months.

With KCA's support during these times meant that we were able to provide hot healthy meals to over 26,000 guests in the last 6 months alone.

We look forward to continuing our relationship with KCA in the years to come.

Ngā mihi,

Sam Johnson
Deputy & Kitchen Manager
Compassion Soup Kitchen
