inequality in our communities*

About us ...

Kiwi Community

Assistance sources food, clothing and household goods for charities working with people in need. Based in Tawa we provide assistance across the Wellington region.

How we work ...

WE TAKE: donated goods and food. We rescue food no longer able to be sold but still good to eat so that it is not wasted.

WE GIVE: prepared meals, food and goods to charities working with people in need.

WE HELP: food banks, schools, budgeting agencies and front line charities.

WE'RE 100%: everything donated that's up to scratch and able to be used is passed on to our front line charities.

WE ARE ORGANISED: we say what we need on Facebook; we collect from drop off points; we sort food and goods; we put together

orders of food and goods; we give to front line charities and they give to those in need.

WE GIVE A HAND UP: Each year we provide more than 200,000 meals; we clothe and furnish families and we save goods and food that would otherwise be wasted.

We can use your help ...

Donate food; donate goods; donate time.

YOUR DONATED FOOD: we take fresh fruit, vegetables, baking, groceries.

YOUR DONATED GOODS: we take clothes, shoes, linen, blankets, bedding, electrical goods, whiteware and toys.

YOUR DONATED MONEY: used to meet our costs – largely warehousing.

YOUR DONATED TIME: used to help collect, sort food and goods and fill orders.
