Challenge 2000 would like to express our heartfelt appreciation to Kiwi Community Assistance (KCA) for their unwavering support of our food bank service since 2018.

For more than eight years, KCA has provided us with regular food supplies that enable us to prepare and distribute food parcels to young people and whanau experiencing hardship within our community. Their generosity has become a cornerstone of our ability to provide this essential service.

The reality is that without the ongoing support of KCA, Challenge 2000 would not be able to operate our food bank service at the level we currently do. We rely heavily on the food provided by KCA each week, and their contribution directly enables us to support some of the most vulnerable members of our community. At a time when the cost of living continues to place pressure on many households, this support is more important than ever.

KCA's consistency, reliability, and commitment to helping others have allowed us to respond to growing community needs with confidence. Every food parcel distributed represents practical support, dignity, and hope for someone facing difficult circumstances, and KCA plays a vital role in making that possible.

Over the years, we have seen firsthand the positive impact that this partnership has had on countless individuals and families. KCA's contribution extends far beyond food; it strengthens community wellbeing and helps ensure that people receive support when they need it most, especially now during difficult economic times.

We are deeply grateful for our longstanding partnership with Kiwi Community Assistance and sincerely thank them for their continued dedication. Their support has made a lasting difference in our community and remains essential to the success of our food bank programme.

Sincerely,

Bobby Gibbins and Sister Marie Roche
