Tēnā koe

I am writing this letter to express my strong support for Kiwi Community Assistance (KCA) and their mission “to reduce inequality in our community...by providing household goods, clothing and food for free”. Porirua Whānau Centre Trust has used KCA for over a decade and have had the pleasure of witnessing first-hand the impact that KCA has had on the lives of many individuals and whānau in our community.

KCA has been a reliable source of assistance for those who are struggling to make ends meet. Their commitment to providing free food and clothing to those in need is unparalleled.

KCA has demonstrated a remarkable level of dedication, resourcefulness, and compassion in their efforts to serve those in need. Their commitment to the well-being of the community has been truly inspiring, and they have been invaluable asset to our community.

I strongly recommend KCA and its services. They have proven themselves to be a reliable and trustworthy organization that is dedicated to making a positive impact in the lives of those who are struggling.

Ngā mihi

Liz Kelly
