### Greetings

It is with heartfelt gratitude to Tracy and the volunteers at Kiwi Community Assistance for their support for organisations such as ours in getting food out to people who are in desperate need.

The team provide a very efficient and valuable service to thousands of people in the Wellington region. It is also more significant that they are all volunteers, out in all hours and types of weather rescuing food and ensuring it gets to those who need it.

We regularly receive boxes of fruit and vegetables that help supplement the food parcels we provide people and often we will receive packaged meals and other food items.

While your service provides food to help those in need, it also means that it minimises waste and ensures that good food doesn't end up in the landfill.

Nga mihi
