To whom it may concern.

Kiwi Community Assistance (KCA)

This letter is a letter of support and thanks for the assistance KCA gives to SuperGrans Charitable Trust (SCG).

KCA have always supported the clients that we work with, providing all the food we use to make up food parcels plus household items, clothing, toys etc. for the greater Wellington area (i.e. Porirua, Wellington City, Lower Hutt, Wainuiomata).

There has been an increase in families making contact, asking for help - not knowing where they can get the help they need.

Covid-19 has made it increasingly more difficult for families, many of whom have not experienced the need to seek help, skilled and unskilled workers are finding themselves out of work, along with business closing.

As a direct result of Covid-19 we have increased the number of clients that are needing assistance with food. Feeling the guilt and failure of not being able to provide for their families. KCA has filled this need, providing a high standard of food, variety and quality.

Many clients become very emotional when we deliver food parcels, the relief that they are able to feed their families this week and realising some stress and pressure they are feeling is very noticeable.
