To Whom it May Concern,

We would like to acknowledge and share our gratitude for the support and assistance that the Kapiti Community Foodbank receive from the Kiwi Community Assistance.

Kiwi Community Assistance provides the Kapiti Community Foodbank with food assistance every Tuesday. We receive boxes of meat, eggs, produce, frozen food, fruit and vegetable and when available dried goods.

Without the assistance from KCA we would be struggling to supply many of our clients with meat, frozen and refrigerated items. Our clients are immensely appreciative of the fresh produce that we receive. The goods that we receive enable us to provide healthier food parcels enabling our Clients to create meals and not just have food.

Regards
